

## Membrane separation systems

Reverse osmosis desalination /RO/  
Nanofiltration /NF/  
Ultrafiltration /UF/  
Microfiltration /MF/

# Ion exchange systems

Softeners /SAC/

Carbonate removers /WAC/

Complete desalination /SAC, SBA/

## Industrial media filtration systems

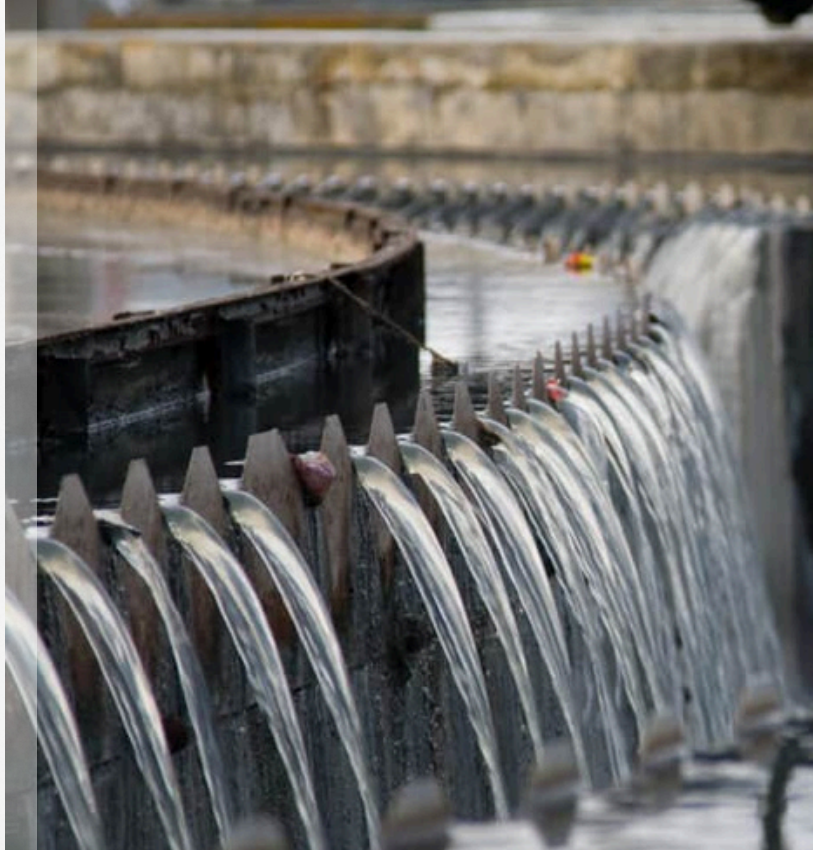

Gravitational and pressurized multimedia filters  
/RGF, MMF/

Activated carbon filters /CF/

## Pre- and post-treatment

Chemical dosing stations,  
polyelectrolyte dissolving and  
dosing systems

## Sludge treatment

Gravitational thickeners  
Dewatering equipment  
Filter presses  
Centrifuges
